# A history of Eddis Envy

The multi-award-winning Eddis product is renowned for quality, driving performance and exceptional value for money. The Envy range is designed and engineered to the most exacting of standards, combining over 60 years of heritage with ultra-modern features and stylish comfort.

In 2014 we launched our own dealer special edition 'Envy' range which is unique to Dolphin. The intention was to offer something different and choose a high level of specification whilst ensuring the end price stayed extremely competitive. It proved incredibly popular and remains our best selling range.

Launched in 2019, the Van Conversion range goes from strength to strength with the introduction of the CV80 in 2022 to compliment the CV20 and CV40. It offers countless technological innovations that can be easily and effectively managed from the driver's seat, improving safety, increasing comfort, optimising driving performance and ensuring state-of-the-art infotainment. Fiat Ducato is synonymous with optimum safety and performance. It is equipped with advanced control and safety technology with a 2.2JTD 140bhp engine. It is built with 6 speed manual transmission as standard with automatic transmission (140bhp or 180bhp) as cost options.

# VAN CONVERSIONS

## Van Conversion Range

The Van Conversion CV Range features three expertly engineered models: CV20, CV40, and CV80. Designed with innovation at its core, the CV range integrates cutting-edge technology that enhances every journey—improving safety, boosting comfort, optimizing driving performance, and offering premium infotainment—all easily managed from the driver's seat.

Built on the robust Fiat Ducato Series 2 chassis cab, each model comes equipped with a Fiat 2.2 JTD 140bhp engine and 6-speed manual transmission as standard. For added convenience, an automatic transmission (140bhp or 180bhp) is also available as an optional upgrade.

Finished with an Iron Grey, the CV range combines durability, functionality, and style, making it the perfect choice for those who demand more from their adventure.
