# The Story of Elddis Envy

## Over 60 Years of Heritage, Innovation & Quality

Elddis has built a reputation for producing award-winning motorhomes and campervans, combining outstanding quality, innovative design and exceptional value for money.

In 2014, Dolphin Motorhomes proudly introduced Envy, our very own exclusive Elddis special edition range. Our aim was simple: to create something a little different, offering enhanced specifications, stylish finishes and fantastic value for money.

The Envy range quickly became a customer favourite and has remained one of our best-selling ranges ever since.

## An Exciting New Chapter for 2027

The 2027 season marks an exciting new era for Elddis, bringing together British design and German manufacturing expertise. Motorhomes will be built at the Erwin Hymer Group's renowned manufacturing facility in Isny, Germany. Campervans will be produced at the Group's specialist campervan centre of excellence in Nowa Sól, Poland, building on the success of the Whirlwind GTV.

These changes bring together decades of experience, modern manufacturing techniques and the latest innovations to create the next generation of Elddis leisure vehicles.

**Elddis Envy by Dolphin Motorhomes**
**A proud heritage with an exciting future.**
