# CONFIGURE YOUR VAN HERE

## DESIGN CONFIGURATOR

We have introduced design configurators into our showrooms to help you build your own bespoke VW design. In our design areas are samples of all the upholstery, worktops, furniture, floorings and edging trims enabling you to visualise your custom choices.

When you design your own VW Camper with us the first step is to choose your base vehicle. All of our base vehicles are ordered directly from Volkswagen on the latest Transporter (T6.1/T7). All come with single swivel cab seats (option to order with double front passenger seat).

These specs and options apply to all models shown in this brochure.

- Choose a Short Wheel Base (SWB) or Long Wheel Base (LWB) vehicle
- Choose from three 2.0 Tdi diesel engines
  - 110 bhp 5 speed manual
  - 150 bhp 6 speed manual
  - 150 bhp DSG automatic
- Choose an external colour

Once you've decided on your choices for your brand new base van the next step is to choose from one of the six models and bespoke customisations.

# ST TROPEZ

The **St Tropez** - A customer and family favourite, with plenty of storage and a tried-and-tested layout that balances practical living with a family-friendly setup. It's easy to see why it's so popular.

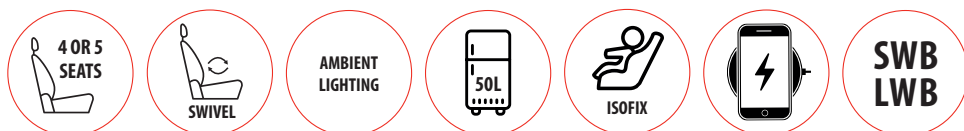

The van seats four or five people (depending if it has a single or double passenger seat) and sleeps four including two in the pop top roof. The kitchen comes with a double hob, sink combi and a 50l fridge freezer.

Available on either short or long wheel base.
